

AHA ECC International Training Center

Narayana Hrudayalaya Private Limited, Bangalore is an American Heart Association International Training Center (TC ID: ZZ20833) to teach Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS) Courses.

Basic Life Support (BLS)

The Basic Life Support (BLS) Course is a video-based, Instructor-led course that teaches both single-rescuer and team basic life support. The course trains participants to promptly recognise several life-threatening emergencies give high-quality chest compressions, deliver appropriate ventilations and provide early use of an AED.

BLS Course teaches skills using the American Heart Association's proven Practice-While-Watching technique, which allows Instructors to observe students, provide feedback and guide students' acquisition of skills.

With their student manual for the course, students receive the new Pocket Reference Card, designed to provide quick emergency information to the rescuer at any time.

Primary Audience

This course is for healthcare professionals who need to know how to perform CPR, as well as other lifesaving skills, in a wide variety of in-hospital and out-of-hospital settings.

Advanced Cardiac Life Support (ACLS)

The American Heart Association's ACLS Course builds on the foundation of lifesaving BLS for Healthcare Providers skills, emphasising the importance of continuous, high-quality CPR. This advanced, instructor-led classroom course highlights the importance of team dynamics and communication, systems of care and immediate post-cardiac-arrest care. The ACLS course also covers airway management.

In the ACLS Course, skills are taught in large, group sessions and small, group learning and testing stations where case-based scenarios are presented. Successful course completion includes demonstrating skills competency in all learning stations and passing the CPR and AED skills test, bag-mask ventilation skills test, a Mega code test and a written test. Upon successful completion, students receive an ACLS Provider card, valid for two years.

Primary Audience

ACLS is designed for healthcare professionals who either direct or participate in the management of cardiopulmonary arrest and other cardiovascular emergencies. This includes personnel in emergency response, emergency medicine, intensive care and critical care units.
