Management Comment

Commenting on the performance, **Dr. Ashutosh Raghuvanshi, Vice Chairman, Managing Director and Group CEO, Narayana Hrudayalaya Limited**, said *"We started fiscal year 2019 with the first quarter performance in line with our expectations amidst consolidation of our Indian operations. Building upon the same, the second quarter has delivered a healthy outcome. Notwithstanding the expected losses at the newer centres, the robust uptick in the profitability has been achieved on the back of continual industry-leading margins across our matured centres being ably complemented by the other centres including our international facility at Cayman Islands.*

During the quarter gone by, we have also announced plans to establish strategic foray in Bangladesh through our preferred heart centre engagement without any capital outlay. We are excited with this opportunity to leverage upon the synergies with our strong Eastern region operations. Overall, we do remain confident about our ability to focus on delivering quality value-based healthcare services across all the sections of the society."
