ONE YEAR CARDIOTHORACIC IMAGING AND RESEARCH FELLOWSHIP

The Cardiothoracic Imaging Unit (CIU) of Narayana Institute of Cardiac Sciences (NICS) in Naryaana Health (NH) City, Bangalore is proud to announce its third 1 year Cardiothoracic Imaging and Research Fellowship (CIRF) for suitable candidates with appropriate experience.

ABOUT THE CARDIOTHORACIC IMAGING UNIT

The CIU is part of the department of radiology which is equipped with one 128 slice MDCT and a 3 TMR system. The department has two further 1.5 T MR systems and a 64 slice MDCT. Further high end CT and another 3 T unit is being procured. The unit is led by Dr. Vimal Raj and is staffed with other consultants and junior staff. At an average the CIU performs more than 35 cardiac cross sectional studies (CT and MR) per day.

ABOUT THE FELLOWSHIP

The CIRF post will be a 1 year position under the supervision of Dr. Vimal Raj. The CIF will be expected to work 6 days a week. There will be no facility to work from home or take up any part time work outside NH during this tenure. They will be entitled for all public holidays (as per NH schedule) and 2.5 days of leave during their tenure. They will closely work under the supervision of other Consultants in the department and collaborate with other trainees (DNB). They will be expected to attend relevant clinico-radiological meetings, teaching sessions and conferences. They will also be expected to initiate and continue new and ongoing research work in the unit. The fellow will be trained in accordance with the European Society of Cardiology (ESC) guidelines in Cardiac Magnetic Resonance (CMR) imaging. The fellow will then be eligible to apply for level III certification from the ESC for CMR.

SELECTION PROCESS AND SALARY STRUCTURE

Selection of the candidate will be a competitive process which would include initial shortlisting based on individual resumes and letter of intent. This will be followed by an oral interview process.
A suitable candidate will have appropriate post graduate degree in the field of radiology. Masters or DNB degrees recognised by the MCI will be preferred. Post qualification experience in radiology is not a pre-requisite. People with a vision to sub specialise in the field of cardiothoracic imaging will be preferred. Interest in research and publication is certainly desirable but not essential.

The selected candidate will pay a one off (non refundable) course fee of Rs. 1.5 lakhs plus tax to the institution. The fellow will be paid a monthly stipend of Rs. 35,000.

Interested candidates should apply by sending their up to date resume and letter of intent, stating why they should be given this fellowship to Dr. Vimal Raj at vimal.raj.dr@narayanahealth.org

If there are any queries you can contact Dr. Vimal Raj at the above email id.

Fellowship Start Date: 01.05.2018
Last Date for submission of application/resume: 11.03.2018
Interview Date: Second week of March 2018.
